

Adverbs of Time

Adverbs of time tell us **when**, **how long**, or **how often** an action happens
Questions: When? (Qachon?) **How long?** (Qancha vaqt?) **Until when?** (Qachongacha?)

Adverb	Meaning
now	hozir
then	keyin, o'shanda
today	bugun
tomorrow	ertaga
yesterday	kecha
soon	tez orada
recently	yaqinda
lately	so'nggi paytlarda
eventually	oxir-oqibat
afterwards	undan keyin
before	oldin
early	erta
late	kech

Position in Affirmative Sentences

- **At the beginning**
 - **Eventually**, he came.
 - **Then**, we went home.
 - **Afterwards**, we had dinner.
- **At the end**
 - He came **eventually**.
 - We went home **then**.
 - We ate **afterwards**.
- Both positions are correct.

Time Expressions

- *Time phrases also function as adverbs.*
- **Examples**
- **at once | since then | till 6:00 | after lunch | next week**
- I have not seen him **since then**.
- We worked **till 6:00**.
- Please come **at once**.

Imperatives and Questions

- *In commands and questions, adverbs of time come **at the end**.*
- Write the report **today**.
- Come here **soon**.
- Did you do your homework **yesterday**?
- Will you finish it **today**?
- Turn off your phone and listen to me **now**.

Before the Main Verb

- *Some adverbs* often appear before the main verb, especially in formal English.*
 - **S + (aux) + eventually | now | recently | soon | finally + V**
- We **now have** our own library.
- Nilufar **recently started** a new job.
- The flowers **will soon bloom**.
- Abror's mother **eventually found** him.

Before, Early, Immediately, Late

- *These adverbs of time usually come **at the end** of the sentence.*
- Behruz arrived at the lesson **late**.
- **Yesterday**, Aziza came home **early**.
- I will go there **immediately**.
- I have seen that movie **before**.

Before and Immediately as Conjunctions

- *Sometimes they connect two clauses and function as a conjunction*
- **Before + clause, main clause = Main clause + before + clause**
- Put the glass away **before** it gets broken.
- **Before** you leave the room, please turn the AC off.
- **Immediately** the rain stops, we will leave.
- **Immediately** she left, I remembered her name.

YET

- ***Yet = up to now - Used mainly in: Negative sentences | Questions***
- ***Position - Usually at the end of the sentence.***
- Javlon hasn't finished breakfast **yet**.
- I haven't received the letter **yet**.
- Have you finished your work **yet**?
- Are you ready for the final exam **yet**?
- Are you ready? Not **yet**.

Long Objects

- *With long objects, **yet** may appear before or after the main verb.*
- **Examples**
- I haven't **yet received** the letter that Ali sent.
- I haven't **received yet** the letter that Ali sent.
- The first form is more common.

STILL

- **Still = continuing up to now** (hali ham, haligacha)
- **Position - After BE**
 - Gulhayo is **still** asleep.
 - Sevinch is **still** hungry.
 - The children are **still** awake.
- **Before Other Verbs**
 - I **still live** in Tashkent.
