

RELATIVE CLAUSES

1. Relative clause nima?

Relative clause — otdan keyin kelib, o'sha otni aniqlab yoki izohlab keladigan ergash gap. Aniqlanayotgan ot antecedent deb ataladi.

STRUKTURA: [antecedent] + [relative word] + [ergash gap]

- ▶ The book **which is on the table** is mine. — antecedent = the book
- ▶ The woman **who called you** left a number. — antecedent = the woman

Relative word ergash gapda ham vazifa bajaradi: ega (subject), to'ldiruvchi (object), egalik (possessive) yoki hol (adverbial). Barcha qoidalar ana shu vazifadan kelib chiqadi.

2. Ikki asosiy tur: Defining va Non-defining

Belgi	DEFINING (aniqlovchi)	NON-DEFINING (izohlovchi)
Vazifasi	Qaysi otligini aniqlaydi — zarur ma'lumot	Qo'shimcha izoh beradi — olib tashlasa ham bo'ladi
Vergul	YO'Q	BOR (ikki tomondan)
that	Mumkin	Mutlaqo mumkin emas
Olmoshni tushirish (who, which, that, whom)	Object bo'lsa — mumkin	Hech qachon mumkin emas
Ohang	Pauzasiz o'qiladi	Pauza bilan o'qiladi

Ma'no farqi — bu eng muhim nuqta

- ▶ My brother **who lives in London** is a doctor. — Bir nechta akam bor; gap Londondagisi haqida.
- ▶ My brother, **who lives in London**, is a doctor. — Yolg'iz akam bor; Londonda yashashi — qo'shimcha ma'lumot.

Vergul ma'noni o'zgartiradi — u bezak emas, grammatik belgi. Non-defining'da vergul juft bo'ladi: biri boshida, biri oxirida.

3. Relative pronouns (nisbiy olmoshlar)

Olmosh	Nimaga ishora	Vazifasi	Muhim cheklov
who	odam	subject / object	Predlogdan keyin kelmaydi
whom	odam	faqat object	Predlogdan keyin MAJBURIY: to whom
which	narsa, hayvon	subject / object	Butun gapga ham ishora qila oladi
that	odam va narsa	subject / object	Faqat defining; vergul va predlogdan keyin YO'Q
whose	odam va narsa	egalik aniqlovchisi	Hech qachon tushib qolmaydi

- ▶ The man **who / that** lives next door is a pilot. — **subject**
- ▶ The man (**who / whom / that**) we met is a pilot. — **object** — omission mumkin
- ▶ The novelist **whose diaries were published** had asked for them to be burned.
- ▶ The house **whose roof was damaged** has been sold. — whose jonsiz otga ham ishlaydi
- ✗ The house **which roof was damaged**... — which egalik ma'nosini bera olmaydi
- ✓ the house **whose roof** / the house **the roof of which** — ikkinchisi rasmiy uslub

4. Relative adverbs (nisbiy ravishlar)

Ravish	Antecedent	Teng ma'noli shakl	Misol
where	joy	in / at / on which	the town where I grew up
when	vaqt	in / on / at which	the year when we met
why	sabab (the reason)	for which	the reason why he left

MUHIM FARQ: where/when dan keyin gap TO'LIQ bo'ladi. Agar gapda to'ldiruvchi yetishmasa — that/which kerak.

- ✓ *The house where I live is old.* — live — to'ldiruvchisiz to'liq
- ✓ *The house (that) I live in is old.* — in dan keyin to'ldiruvchi yetishmaydi
- ✗ *The house where I live in is old.* — ikki marta belgilangan
- ✗ *The house which I live in is old.*

Eslatma: the reason why o'rninga rasmiy uslubda the reason that yoki shunchaki the reason ishlatiladi. Lekin "The reason why ... was because" — qo'sh ortiqchalik, xato; to'g'risi: "The reason ... was that ...".

5. Predlogning o'rni

Predlog ikki joyda tura oladi: relative olmosh oldida (rasmiy) yoki ergash gap oxirida (og'zaki).

- ▶ *The colleague **with whom** I shared an office has retired.* — rasmiy / yozma
- ▶ *The colleague (**who / that**) I shared an office **with** has retired.* — neytral / og'zaki

Qat'iy qoidalar

- Predlogdan keyin faqat **whom** va **which** keladi.
 - ✗ *the man **to who** I spoke / the theory **on that** it rests*
 - ✓ *the man **to whom** I spoke / the theory **on which** it rests*
- Predlog oldinga chiqsa, olmoshni tushirib bo'lmaydi va that ishlatilmaydi.
- Phrasal verb bo'lsa, predlog odatda oxirida qoladi: the problem (that) we have to deal with.

6. Omission — olmoshni tushirish (zero relative)

TUSHIRISH MUMKIN	TUSHIRISH MUMKIN EMAS
Defining gapda object bo'lsa	Subject bo'lsa
Predlog oxirida qolgan bo'lsa	Predlog oldinga chiqqan bo'lsa
be fe'lining otkesimi bo'lsa	Non-defining (vergulli) gapda
Cleft gapda object: It was Marta (that) I saw	whose bo'lsa — hech qachon

- ✓ *The flat (that) we rented in Lisbon was tiny.* — object — tushdi
- ✓ *He is not the man (that) he was.* — be otkesimi — tushdi
- ✗ *The novel won the Booker Prize has been translated.* — subject tushib qolmaydi
- ✗ *My sister, works for the UN, lives in Geneva.* — non-defining'da tushmaydi

TEKSHIRISH USULI: relative olmoshdan keyin darhol fe'l kelsa — u subject, tushirib bo'lmaydi. Agar ot yoki olmosh kelsa — u object, tushirsa bo'ladi.

7. Miqdor so'zi + of + which / whom

Non-defining gaplarda ikki gapni bog'lash uchun ishlatiladi: all, both, most, many, some, several, none, neither, half, one, two, the majority va h.k.

- ▶ *There were forty applicants, three of whom were shortlisted.*
- ▶ *He owns five galleries, one of which is in Vienna.*
- ▶ *The cathedral, the spire of which is visible for miles, dates from 1320.*
- ✗ *There were forty applicants, three of them were shortlisted.* — vergul bilan ikki mustaqil gap birikmaydi — comma splice

Shuningdek: at which point, by which time, in which case, as a result of which — yozma uslubning muhim iboralari.

8. Sentential which — butun gapga ishora

which oldingi butun gapga ishora qilishi mumkin. Bunda that ham, what ham ishlatilmaydi, vergul esa majburiy.

- ▶ *She passed with distinction, which surprised nobody.*
- ▶ *The funding was cut in March, which explains the delay.*

X She passed with distinction, what surprised nobody.

X She passed with distinction that surprised nobody.

9. that va which — qaysi biri afzal?

that afzal ko'riladi:

- all, everything, nothing, anything, something, little, much dan keyin
- the only, the very, the first, the last, the next dan keyin
- orttirma daraja (superlative) dan keyin
- cleft gaplarda: It was John that told me.
 - ▶ *Everything that could go wrong did go wrong.*
 - ▶ *She was the only candidate that mentioned the environment.*

which MAJBURIY:

- non-defining (vergulli) gaplarda, • predlogdan keyin, • butun gapga ishora qilganda

10. Reduced relative clauses — qisqartirish

ASOSIY SHART: faqat SUBJECT relative clause qisqaradi. Relative olmosh object bo'lsa, qisqartirib bo'lmaydi.

Tur	To'liq shakl	Qisqargan shakl
Active → V-ing	the delegates who are attending	the delegates attending
Passive → V3	the paintings which were stolen	the paintings stolen
be + predlogli ibora	the man who is behind the counter	the man behind the counter
be + ot (appositive)	Ada Lovelace, who was a mathematician,	Ada Lovelace, a mathematician,
Modal / majburiyat	forms which must be signed	forms to be signed
the only / first / last / superlative	the last passenger who boarded	the last passenger to board
Perfect	students who have submitted	students having submitted

Qisqarmaydigan holatlar

*X The proposal the board rejected → *the proposal rejecting/rejected by...* — olmosh object — qisqarmaydi

X The scheme failed, which explains the delay. → qisqartirib bo'lmaydi — sentential which

Ogohlantirish: qisqargan ibora noto'g'ri otga yopishsa, dangling participle xatosi kelib chiqadi. Qisqartirishdan oldin doim “bu harakatni kim bajaryapti?” degan savolni bering.

11. what, whoever va boshqalar — nominal relatives

Bular relative clause emas, ot vazifasidagi gaplardir. Ularning antecedent'i yo'q, chunki antecedent so'zning o'z ichida.

- ▶ *What he said was true.* — what = the thing which
- ▶ *Whoever arrives last must lock up.* — whoever = the person who
- X The book what I read was boring.* — antecedent bor — that/which kerak
- ✓ *The book (that) I read was boring.*

Shu qatorda: whatever, whichever, whenever, wherever, however.

12. Fe'lining moslashuvi (agreement)

Ergash gapdagi fe'l relative olmoshning antecedent'iga qarab o'zgaradi — gapdagi eng yaqin so'zga emas.

✓ *He is one of those managers who take credit for everything.* — who = those managers, ko'plik

✗ *He is one of those managers who takes credit...*

✓ *She is the only one of the students who has passed.* — bu yerda the only one — birlik

13. Tinish belgilari

- Non-defining har doim vergul bilan ajratiladi; gap o'rtasida bo'lsa — ikki vergul.
- Uzunroq izoh uchun tire yoki qavs ishlatish mumkin.
- Defining gapda vergul qo'yish — ma'noni buzadi, xato hisoblanadi.

✗ *The house, that we bought in 1998, has trebled in value.* — ikki xato: vergul + that

14. Eng ko'p uchraydigan 8 ta xato

#	Xato	To'g'risi va sababi
1	The report that I referred to it...	it ortiqcha — takroriy olmosh tushiriladi
2	The house, that we bought...	vergul + that mumkin emas → which
3	The novel, which opening chapter...	egalik → whose opening chapter
4	the principle on that it rests	predlog + that yo'q → on which
5	..., three of them were shortlisted.	→ three of whom (comma splice)
6	The book what I read	antecedent bor → that / which
7	one of those people who never admits	→ admit (ko'plik antecedent)
8	The reason why ... was because ...	→ was that (qo'sh ortiqchalik)

15. Bir sahifalik xulosa jadvali
